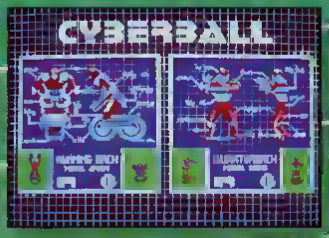
FOOTBALL IN THE 21ST CENTURY

CYBERBALL

2-screens give each team the best seat in the house!



Futuristic robot action.

- Up to 4 can play at once!
- Play head-to-head or against the computer!
- Great "Join-In anytime and challenge" feature!
- New mini-stadium style cabinet is a sight to behold!
- Select from over 100 offensive and defensive plays!

The year is 2022...

and the last human player has been eliminated from the game. Now, only robots five times the size of humans can withstand the violence and destruction...

Head to Head ... Metal on Metal ... It's a Fight to the Finish!!

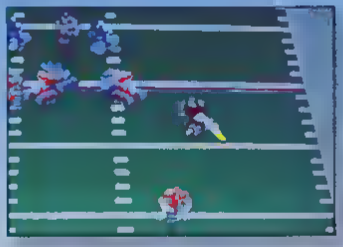
A

...des ... interactive ... r-player ... nistic foot... ... controls, an 8-way ...stick and button ... players in control of ...e team of their choice, like the Los Angeles Assassins or the New York Enforcers! Players select offensive and defensive plays, time-outs and even replacements for weak or demolished players. Cyberball is an extreme-ly violent sport full of colliding metal and exploding shrapnel.

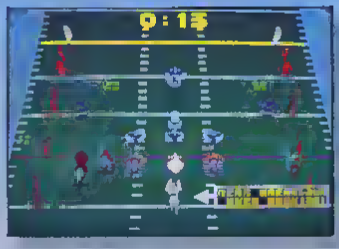
Players select offensive and defensive plays, passes, laterals and blitzes. Defensive players are even equipped with a "turbo defense" button to prevent breakaway plays. Atari takes you to the year 2022, and the world of Cyberball...the most innovative football game ever!

Team captains select from over 100 offensive and defensive plays.

Complete a pass to an easy-to-spot receiver. *Poor defense results in a wide open receiver.*



Add a burst of speed with TURBO DEFENSE.



Billowing smoke identifies robots near breakdown.
